DAY OF NUDE MALE ART

Full-Day Photography Workshop Saturday, July 9, 2005

You are invited, as an artist, to register for this event where a select group of photographers and other artists are coming to work with a handsome collection of nude male models in beautiful outdoor and indoor settings. You will have excellent access to the models during each session with no more than two artists per photo model.

Hosted on a private 52-acre estate, just one hour south of Washington, DC (55 mi.), in Fredericksburg, VA, come join fellow artists for this unique workshop celebrating the male form, whether you use digital or standard film.

Register today and take advantage of this unique setting, meet other professional photographers and learn new techniques for capturing the natural male form outdoors and indoors. You will work with 5 models, or you may also reserve an exclusive model of your choice for the entire day.

Register online for your full day of creative expression (10am-6pm), whether you are an amateur or a pro. All registrations must be in by June 16th and are only \$199. Please go online to find additional workshop details. You do not have to be an expert to attend this workshop. This workshop encourages experimentation with your ideas and your techniques outside the traditional studio.

Register today and secure your place!

<http://www.DONMA.org>

Non-photography artists also welcome at \$99 for figure drawing, painting, and sculpture in separate sessions..

Modeling opportunities are open for DONMA, and there are a limited number of slots to audit this workshop.
